2012 Wedding Prices

We have switched to one package offering, with optional items that can be added if desired. The key element to our package is that we include the digital images in high-resolution format, along with a release form allowing you to have prints made. Here are the details of the package included:

*** New Lower Prices ***

Platinum investment: \$995

- Coverage starts with the bridal party getting ready, and ends with the bride and groom driving away. We will cover all aspects of the wedding. Plan a few hours just with the bride and groom for creative imagery.
- Online Hosting of the wedding images. This allows guests to purchase prints directly from us, without bothering the bride or groom. See www.yournorthwestevent.com for current samples. During the reception, we will leave invitations for the guests to view the images at the site.
- A spiral bound proof book, with 12 images on each page.
- DVD of images, including a release form. The DVD is delivered in a leather case.

From here, you may want to consider ordering something additional. Below are the items we offer, and their prices.

Individually Priced Items:

Prints - Printed on Kodak Endura paper (metallic paper extra). These are printed at Miller's lab, located in Pittsburgh Kansas. The quality of these prints is far superior to any big box store prints.

- (8) Wallets.....\$25
- (1) 4x6 or 4x5.....\$7
- (1) 5x7.....\$13
- (1) 8x12 or 8x10.....\$25

Albums - Albums can be as small as a 2"x3" wallet album, or as large as a 14"x11" album with a metal etched cover. Prices range from \$49 to \$900 depending on what options you would like, and how many pages are included. If one main album is purchased, additional smaller albums can be ordered for a fraction of the price.

Wall Portraits - Wall portraits are timepieces to remember your day forever. They can be as simple as a stretched canvas, to custom sized prints framed and matted. Generally prices range from \$150 to \$600. We offer free consulting if you would like an opinion about what would fit within your home.

Canvas Wrap - A Canvas Wrap is similar to a wall portrait, but it is printed on canvas, and then stretched around a wood frame. These are a very modern way to get a classic look in your house. Price range from \$150 to \$400.

DVD of Images - You may want to order additional DVD's for family members. They are \$150 each, and come in a leather case. There will be an image from your wedding imprinted on the face of the DVD.

Engagement Session - This session usually lasts about 2 hours, and includes 3 outfit changes. These sessions are romantic and fun. Included with this session, is a 16"x20" signature matted frame, with an 8"x12" print from the session. The cost for the CD package is \$250.

Extra Proof Albums - Extra proof albums can be a great gift for a parent or a grandparent. They are \$250 each, and can be ordered at any time.

DVD Slideshow - A slideshow can be another way to remember your day for either you, or a relative. Simply supply us with 4 or 5 songs from the wedding in MP3 format, and we will create a custom show just for you. Each DVD comes with a leather case, and is custom printed with an image from the wedding. The first DVD is \$99, and each additional DVD is only \$49. You can't go wrong with this.
